Reasons for the revision:

1. Forecast of consolidated financial results:
The Company spun off its parcel delivery business into JPEXpress Co., Ltd. in April 2009. In conjunction with this, JPEXpress is treated as an equity method affiliate from this fiscal year onwards. The application for the business plan filed by JPEXpress's parent company Japan Post Service Co., Ltd. with regulatory agency Ministry of Internal Affairs and Communications is still pending, and has not been approved as of July 31, 2009. As the income and expenditure plan of JPEXpress Co., Ltd. cannot be reasonably identified, the consolidated financial forecasts are undetermined given that it is difficult to make reasonable projections for ordinary income and net income—which may be affected by the said income and expenditure plan—at this point in time. The Company will announce its forecast as soon as it is able to make reasonable projections for its business performance. (An announcement is expected to be made some time in September 2009.)
2. The above financial prospect is based on data available at that time. It should be noted that such information contains elements of uncertainty and risk. Please note that our actual business performance may differ from these prospects.
