Global Parcel Service

Global Parcel Express, Global Parcel Priority & Global Parcel Economy

With our strategic business partnerships, Nippon Express USA can obtain significant discounts on USPS international parcel services

Why choose Nippon Express?

Cost Perspective:

Our international parcel rates are much cheaper than those of our competitors. There are no hidden fees. You can simply enjoy a discounted percentage from the USPS retail price

Things Done Easier:

From the collection of your parcels at your door to delivery at the destination, our solutions will get your parcels to your customers around the world economically and reliably by using USPS and international postal authority

Sophisticated System:

With system integration utilizing our ePelican system, necessary labels and documents are generated with few clicks

Our Services:

Global Parcel Express

Reliable and affordable way to send mail and packages up to 70 lbs to over 190 countries. All deliveries are made within 6-10 days to most countries worldwide with trace capability.

Global Parcel Priority

Reliable, timely and cost-effective delivery of your parcels. This is a volume airmail service that provides fast, simple, and economical worldwide delivery for your business. All deliveries are made within 5-7 days to most countries worldwide.

Global Parcel Economy

It is an economical service to send materials that are less time sensitive than those you would ship using Global Parcel Priority. Deliveries are made within 10-14 days to most countries worldwide
